8	On the suggestion of the conservator of forests the portion of the Chickmagalur-Yedahalli road between Mallandur and Hebbe-a distance of 20 miles was transferred from the District Board to the Forest Department for its maintenance with an allotment of Rs 50 a mile payable from District funds-
9	Thus the maintenance of the road between Mallandur and Hebbe devolved on the Forest department with effect from 1st July 1911 the allotment of Rs 50×20 or Rs 1000 payable from Dt funds being treated as Contribution to the Forest Department. During 1911-12 the Forest Department got special repairs executed at a cost of Rs 500 and then applied to the President Dt Bd. Kadur for placing the cost of the special repairs at their disposal. Para 2 of Serial No 1 in the file	(2) The Conservator suggests that the resolution of the Board may be reversed and that a sum of Rs 500 be ordered to be paid from the District Funds to the Forest Department in as much as the road is a district fund property. The matter was once more referred to the District Board for reconsideration, but the Board still adhere to their resolution dated 24th ~~Aug~~ Feb 1911 and add that repairs executed were not in any way special and that if any extraordinary damage to the road had been caused, it was for the Forest Deptt to have obtained the approval of the D.F.O. to incur the Special expenditure i.e. ~~R~~ to ~~be~~ incur additional expenditure in the first instance on its own responsibility and then ask to be reimbursed. SIR,

P

I have the honour to state that in Government Order 9320-4 / L.B. 339-10-2 dated the 13th May 1911, the maintenance of the Chickmagalur-Yedahally road between Malandur and Hebbe, a distance of 20 miles was transferred to the Forest Department, with an annual allotment of Rs 50/- per mile.

2. Since the beginning of the current official year, the maintenance of the road was undertaken by the District Forest Officer, Kadur. Owing to the much neglected condition of the road, he was obliged to get certain special works executed as per estimate herewith sent, and applied to the President District Board, Kadur, to place the amount of Rs 500/- at his disposal. But, the Board have resolved that, as the road was transferred to this department, all the charges incurred for the road whether ordinary or extraordinary should be borne by the

GPB—1,000—22-8-11

Forest Department.

3. It will be seen from my letter No. 1331 dated 6th August 1910, addressed to the Chief Engineer in Mysore, a copy of which is herewith enclosed, that my main object in applying for the transfer of the road to this Department, was to improve the road, which was very much neglected, to facilitate timber carting from the Muthodi Forest. I asked the Chief Engineer for an annual allotment of Rs 80/- per mile, besides a special grant of Rs 50/- per mile during the first year. The chief Engineer, however, reduced the maintenance allotment to Rs 50/- per mile, and did not comply with my request as regards the special grant of Rupees 50/- per mile.

4. Under section 29 of Regulation II of 1902, the Government is empowered to set aside the District Boards resolution and I have to request you to be good enough to place the matter before Government for their decision and orders as to the transfer of the amount now spent, from District Fund Budget to the ~~Taluk~~ Forest Budget before the close of the current official year.

Requesting that orders of Government may be passed re: Transfer of Rs 500 from the District Fund budget to the Forest budget for the maintenance of the Chamrajnagar Mysore Road between Chamrajnagar and Hebbe.

Copy of letter No. 1331, dated 4/6th August 1910 from the Conservator of Forests in Mysore, to the Chief Engineer in Mysore. Bangalore.

I have the honour to invite your attention to this Office No. 9860 dated 8th June 1907 and request the favour of an early reply thereto. The road in question has gone from bad to worse since I addressed you, so much so, that I could hardly ride over it at the beginning of May last. The removal of landslips and fallen trees and clearing of side drains are never attended to in time, with the result that the road has been badly cut up by surface drainage, and in places mud collected on it is one foot deep.

I understand that the present annual allotment for its upkeep is Rs 80 a mile. If it is transferred to this Department, I shall undertake to maintain the section from Hebbe to Malandur, a length of 18 miles, in thorough trafficable order. In the first year, an additional sum of Rs 50 per mile will be required which, I request, may also be provided

To,

Offg: Secretary to Government General
and Revenue Departments. Bangalore

Sir,

In continuation of this office letter
No. 452 dated 27/29 - 6 - 1912 regarding the
cost of certain Special repairs executed
by the Forest Department to the Hebbe.
Mallandur Section of the Chickmagalur
Jedehalli road, I have the honor to State
that the matter was again considered
by the District Board at their meeting
held on 14-8-1912 and they resolved

that there was no reason to modify their resolution of the 24th February 1912. Further, they were of opinion that the repairs said to be special were in no way special, that if really any extraordinary damage had been caused, they should have been informed and their consent taken to in our special expenditure and that it was not right in principle for one department to incur any expenditure it liked, and call upon another department to pay it.

2. Copy of the Board's resolution is herewith enclosed for reference.

3. As my remarks also have been called for, I have to say that I agree in the view of the District Board. On receipt of an application from

the Forest Officer for a Special grant, an estimate was, under the advice of the Executive Engineer called for and placed before the District Board for consideration. The Board declined to Sanction it.

If the Forest Department have anticipated the approval of the Board and carried out the work, the Board cannot be responsible for it. If this Self-assumed control of the Forest Department over the finances of the Board is to be upheld, I should think there can be no limit, except the exhaustion of the Boards' Surplus, to the expenditure that the Forest Department might incur on this Road.

I have the honor to be,
Sir,
Your most obedient Servant,

President
District Board

I am directed to point out that it is but right that the cost of its maintenance should be borne, mainly by the Forest Department by which the road is largely used.

In the circumstances of the particular case, Government think that the District Board may well be asked to pay one fourth of the cost of the special repairs to the road.

I am to request you to be good enough to state if you are agreeable to this proposal

SIR,

With reference to your letter No 5174/L.B.307-11-7 dated the 18th instant, I have the honour to state that the road in question is used both by the general public and purchasers of forest produce. It is difficult to say who uses it more largely, but I know that the villagers and coffee planters in the Jagar Valley are entirely dependent on it for the export of their produce and import of manure and food stuffs. I beg also to point out that the town of Chikmagalur and the neighbouring villages receive their supplies of timber and bamboos mainly from the Jagar Valley, the cost of which must necessarily vary according to the facilities afforded to the transport of these materials. It is therefore to the interest of the people themselves that the road is maintained in a good trafficable condition. In this

GPB—1,000—21-11-12

circumstance, I think two-thirds of the cost ~~of the construction of the road~~ would be a fair levy on the District Board.

I have the honour to be,

Sir,

Conservator of Forests.
